

MEDICALLY COMPLEX PROGRAM

EVERY LIFE  
*improved.*

EVERY LIFE  
*improved.*

Our Mission is to provide exceptional healthcare by fostering a CULTURE of excellence where every member of the TEAM strives constantly to improve CUSTOMER SERVICE. Our Vision is to be the best LTAC provider in the markets we serve. To be the BEST, we must be the EMPLOYER of choice and the PROVIDER of choice.

## SPECIALIZED care when it's needed most

Triumph HealthCare is one of the largest and leading providers of long-term acute care in the nation. For long-term, intensive care beyond the scope of a traditional hospital, trust Triumph's experienced professionals. With advanced technologies, innovative treatment protocols and compassionate care, we are dedicated to helping improve the quality of life for all of our patients.

### Complex Medical Care

Whether patients come from an intensive care or general medical setting, Triumph is capable of dealing with a wide spectrum of acute care needs, including multiple system involvement such as heart, pulmonary, renal, neurologic and infectious diseases. With our ACLS Certified nursing and respiratory staff, Triumph provides critical care intervention when conditions warrant. Our medical staff includes a full complement of primary care and specialists to ensure patients with specific problems achieve the best possible outcomes.

### Diagnoses Treated

Typical diagnoses include but are not limited to:

- + Infectious Diseases
- + Multiple System Failure
- + Multidisciplinary Medical Service Needs
- + Renal Failure
- + Cancer
- + Malnutrition

### Services Available

Treatment modalities may include:

- + Daily Physical Intervention
- + Critical Care Nursing
- + IV Therapy Management
- + Nutritional Therapy
- + PICC/Central Lines
- + Invasive Procedures
- + Cardiac Monitoring
- + Dialysis
- + Nutritional Therapy

## TEAM Approach

### Expect the BEST from a team dedicated to your health

Discover individualized care from a multidisciplinary team. As a Triumph patient, your team of physicians, nurses, pharmacists, dietitians, case managers and entire staff of allied health professionals such as respiratory, speech, physical and occupational therapists collaborates on your specialized treatment plan, and works with you and your family to help reach your goals. Focused on your achievement, your care team meets regularly to monitor your response to treatment and progress.
